### **B. BOARD ACTIONS**

#### **New Cases**

##### **Grouped Cases** – 4747

The first 3 cases involve hearing aid fitters who were terminated from employment for violating company policy by not following the employers hearing aid testing requirements and fitting protocols, e.g., speech recognition scores, Real Ear Measurement and duplicating audiogram results. They are currently working in unrelated professions with no intention of returning to the field.

**CO2021-12339** Their license was issued April 2015.

**CO2021-12340** Their license was issued June 2016.

**CO2021-12338** Their license was issued October 2019.

**Accordingly**, the Investigative Review Group recommends in case numbers CO2021-12339, CO2021-123440 and CO2021-12338 that the Board approve a settlement agreement for surrender with the following terms and conditions and to close the case upon the licensees accepting and completing the terms:

- Shall not file a Request for Reinstatement for at least three years from the effective date of the Consent Agreement;
- If a Request for Reinstatement is filed, the Board shall treat it as a Request for Reinstatement of a revoked license according to the Board's laws and rules for reinstatement of a license in effect at the time the request is filed;
- Shall no longer be permitted to practice as a hearing aid fitter;

- Shall return their wall certificate to the Board within ten business days of the effective date of the Consent Agreement.

**Motion #4**

Dr. Mills moved to approve the Investigative Review Group's recommendation in case numbers CO2021-12339, CO2021-123440, CO2021-12338. Dr. Spangler seconded the motion. There were no abstentions. The motion passed unanimously.

**Grouped Cases – 4753**

The next seven cases involve speech-language pathologists who practiced under an expired license for more than 15 days after the July 1, 2021 renewal extension deadline. Six of the seven were audited for their 2019-20 continuing education hours. The audit was for the practice biennium ending December 31, 2020 which was extended to July 1, 2021 due to the Covid-19 pandemic. This is the first offense for the seven licensees.

**Case 1 – Practice Under an Expired License for more than 15 Days (Passed Continuing Education Audit)****CO2021-17544**

This licensee practiced 38 days of the 125 days expired. Billing did not occur. Additionally, during this time, the licensee supervised two university students. As a result: 1) the university did not permit the students to attend their placement until the supervisor's license was reinstated; 2) the hours were removed from the students' clinical records. Reinstatement was effective November 4, 2021. Their license was issued April 2013.

**Accordingly**, the Investigative Review Group recommends that the Board approve a settlement agreement with the following terms and conditions and to close the case upon the licensee accepting and completing the terms:

- Reprimand;
- Payment of the applicable license fee, e.g., \$200 Reinstatement fee;
- Passing of the Boards' jurisprudence examination;
- Additionally, completion of two continuing education hours related to ethics and two hours related to supervision. The four hours are due within 60 days from the effective date of the Consent Agreement. The hours are not applicable towards the current biennium for renewal.

**Motion #5**

Mr. Starner moved to approve the Investigative Review Group's recommendation in case number CO2021-17544. Mr. Griffin seconded the motion. There were no abstentions. The motion passed unanimously.

**Cases 2 - 4 – Practiced Under an Expired License for More than 15 Days (Passed Continuing Education Audit)****CO2021-16757**

This licensee practiced 22 days of the 112 days expired. Billing did not occur. Reinstatement was effective October 21, 2021. Their license was issued June 1988.

**CO2021-17965**

This licensee practiced 24 days of the 137 days expired. This caused their employer to bill and make billing adjustments. Reinstatement was effective November 15, 2021. Their license was issued June 2005.

**CO2022-0096**

This licensee practiced 111 days of the 187 days expired. This caused their employer to bill and make billing adjustments. Reinstatement was effective January 4, 2022. Their license was issued October 1995.

**Accordingly**, the Investigative Review Group recommends in case numbers CO2021-16757, CO2021-17965 and CO2022-0096 that the Board approve a settlement agreement with the following terms and conditions and to close the case upon the licensees accepting and completing the terms:

- Reprimand;
- Payment of the applicable license fee, e.g., \$200 Reinstatement fee;
- Passing of the Boards' jurisprudence examination;
- Completion of two additional continuing education hours in Ethics due within 60 days from the effective date of the Consent Agreement. The hours are not applicable towards the current biennium for renewal.

**Motion #6**

Dr. Mills moved to approve the Investigative Review Group's recommendation in case numbers CO2021-16757, CO2021-17965 and CO2022-0096. Mr. Starner seconded the motion. There were no abstentions. The motion passed unanimously.

Cases 5 - 6 – Practice Under an Expired License for more than 15 Days and Failed their Continuing Education Audit

**CO2021-18189**

This licensee practiced 19 days of the 144 days expired and failed their 2019-20 Continuing Education Audit for Practice Under an Expired License. This caused their contracted employer to bill. The employer has been notified to determine if billing adjustments need to be made. Reinstatement was effective November 22, 2021. Their license was issued April 2013.

**CO2021-17691**

This licensee practiced 31 days of the 125 days expired and failed their 2019-20 Continuing Education Audit for Practice Under an Expired License. Billing did not occur. Reinstatement was effective November 4, 2021. Their license was issued July 2010.

**Accordingly**, the Investigative Review Group recommends in case numbers CO2021-18189 and CO2021-17691 that the Board approve a settlement agreement with the following terms and conditions and to close the case upon the licensee accepting and completing the terms:

- Reprimand;
- Payment of the applicable license fee, e.g., \$200 Reinstatement fee;
- Passing of the Boards' jurisprudence examination;
- Completion of two additional continuing education hours in Ethics due within 60 days from the effective date of the Consent Agreement. The hours are not applicable towards the current biennium for renewal;
- Additionally, audit their continuing education hours for the 2021-22 biennium due to failing their Continuing Education Audit for Practice Under an Expired License.

**Motion #7**

Ms. Burton moved to approve the Investigative Review Group's recommendation in case numbers CO2021-18189 and CO2021-17691. Dr. Spangler seconded the motion. There were no abstentions. The motion passed unanimously.

Case 7 – Practice Under an Expired License for more than 15 Days (No Continuing Education Audit due to First Renewal)

**CO2021-15700**

This licensee practiced 62 days of the 83 days expired. Billing did not occur. Additionally, due to an outdated email address, the licensee's response to the Investigator's Respond to Complaint Letter was received 43 days after the 30-day deadline. The licensee renewed late on September 9, 2021. Their license was issued July 2020.

**Accordingly**, the Investigative Review Group recommends that the Board approve a settlement agreement with the following terms and conditions and to close the case upon the licensee accepting and completing the terms:

- Reprimand;
- Payment of the applicable license fee, e.g., \$120 late fee;
- Passing of the Boards' jurisprudence examination;
- Completion of two additional continuing education hours in Ethics due within 60 days from the effective date of the Consent Agreement. The hours are not applicable towards the current biennium for renewal.

**Motion #8**

Dr. Spangler moved to approve the Investigative Review Group's recommendation in case number CO2021-15700. Mr. Starner seconded the motion. There were no abstentions. The motion passed unanimously.

**CO2021-18573**

This case involves a speech-language pathologist who failed their 2019-20 Random Continuing Education Audit. This is their second failed audit. They completed 90 minutes of the required two hours in ethics. The missing half hour was completed after the July 1, 2021 extension and applied towards the failed audit.

History of the prior failed audit: The licensee completed zero hours for their 2013-14 random audit. After completion of all missing hours, they received a letter indicating they'd be audited for their 2015-16 hours. They passed their 2015-16 audit. The letter stated, "Future violations of Chapter 4753 may result in disciplinary action in accordance with Section 4753.10 of the Ohio Revised Code." Their license was issued June 2001.

**Accordingly**, the Investigative Review Group recommends that due to this being the licensee's second failed audit that the Board approve a settlement agreement with the following terms and conditions and to close the case upon the licensee accepting and completing the terms:

- Reprimand;
- Acknowledge completion of the missing half hour that was completed after the 7/1/2021 extension;
  - The half hour is not applicable towards the current biennium for renewal;
- Acknowledge payment of the \$120 Late Renewal Failed Audit Fee;
- Audit the licensee's continuing education hours for the 2021-22 and 2023-24 practice biennium.

**Motion #9**

Ms. Burton moved to approve the Investigative Review Group's recommendation in case number CO2021-18573. Dr. Mills seconded the motion. There were no abstentions. The motion passed unanimously.

**CO2021-18668**

This case involves a speech-language pathologist who holds a license in Ohio, Kentucky (KY) and formerly in California (CA). They failed to disclose prior CA disciplinary action. They answered "No" on their February 15, 2021 Ohio application to the question, "Have you ever had a license to practice any business activity or profession denied, suspended, or revoked?" They were issued Ohio licensure on February 26, 2021. Seven months later, the licensee contacted the Ohio Board to disclose that on May 16, 2019 the CA Board revoked their license and then stayed the revocation and placed them on probation for 3 years. On May 15, 2020 the licensee entered into an agreement for surrender of their license with the CA Board. The CA Board informed the licensee that surrender of their license is disciplinary action and shall become a part of their license history with the Board. The CA Board reported the stayed revocation and surrender of license to the National Practitioner Data Bank. Based on our review of the CA disciplinary action, the licensee should have answered yes on their Ohio application.

**Accordingly**, the Investigative Review Group recommends that the Board authorize a settlement agreement consistent within the Investigative Review Group Guidelines. The case will be brought back to the next board meeting for approval if the licensee agrees to the settlement terms. If the licensee does not agree to settle, the Investigative Review Group recommends that the Board authorize a Notice of Opportunity for Hearing be issued.

**Motion #10**

Dr. Spangler moved to approve the Investigative Review Group's recommendation in case number CO2021-18668. Ms. Burton seconded the motion. There were no abstentions. The motion passed unanimously.

#### **CO2021-12051**

The speech-language pathologist in this case signed their Consent Agreement, effective March 1, 2022. At its December 6, 2021 meeting, the Board offered the licensee enter into a settlement agreement that would supersede the May 1, 2019 Adjudication Order in a prior case. As of the January 31, 2022 Board meeting, the licensee had not signed; therefore, January 31<sup>st</sup>, the Board voted to issue a Notice of Opportunity for Hearing if the Consent Agreement was not signed. The Adjudication Order case is now closed, and the terms of the Consent Agreement are being monitored.

The following 4 Grouped Cases were issued a Notice of Opportunity for Hearing per the January 31, 2022 Board vote for noncompliance with and nonresponse to their 2019-20 Random Continuing Education Audit. One Notice of Opportunity for Hearing was delivered, two were Unclaimed, one Delivery Failed (no forwarding address). The two that were unclaimed will be resubmitted via Certificate of Mailing. The non-delivered Notice of Opportunity for Hearing will be published in a newspaper in the county of the last known address the licensee has on file with the Board. The fourth, CO2022-1057, see details below.

**CO2021-19912**      **Erin Zemba, A.01929** (certificate of mailing)  
**CO2022-1056**      **Kimberly Sharp, IL. 03367** (publish)

**CO2022-1219 Lindsay Arminio, SP.09124** (certificate of mailing)**CO2022-1057 Stacy Torrence, SP.13310**

This case involves a speech-language pathologist who *initially* reported completion of zero hours of continuing education for her 2019-20 Random Continuing Education Audit and zero make-up hours completed after the July 1, 2021 extension. She also failed to pay the \$120 Late Renewal Failed Audit Fee timely. This is her first failed audit. Her license was issued September 2018.

At its January 31, 2022 meeting, the Board voted to issue a Notice of Opportunity for Hearing. After receipt of her Notice of Opportunity for Hearing, she: 1) requested to surrender her Ohio license due to having never resided or worked in Ohio; 2) reported to CE Broker 18 of the required 20 hours completed January 1, 2019 – July 2, 2021 and 3) reported the two missing hours (completed March 2, 2022; one ethics, one related). The two missing hours were applied towards her failed audit and are not applicable towards the current 2021-22 biennium. She was unaware that she had been audited. Her email address and out of state mailing address on file with the Board are valid.

**Accordingly**, the Investigative Review Group recommends that the Board approve a non-reportable settlement agreement with the following terms and conditions, in lieu of accepting her surrender request, and to close the case upon the licensee accepting and completing the terms:

- Pay the \$120 Late Renewal Failed Audit Fee;
- The Consent Agreement will acknowledge: completion of the two missing continuing education hours and that the hours are not applicable towards the current biennium for renewal; receipt of her Notice of Opportunity for Hearing;
- Audit her continuing education hours for the 2021-22 and 2023-24 practice bienniums if she renews.

**Motion #11**

Dr. spangler moved to approve the Investigative Review Group's recommendation in case number CO2022-1057. Mr. Starner seconded the motion. There were no abstentions. The motion passed unanimously.

**COMMITTEE REPORTS****A. Rules Committee – Matt Starner**

Mr. Starner updated the Board on the status of the Chapter 4747 rules package that is pending with the Office of Common Sense Initiatives (CSI). He stated that CSI expressed concerns on one rule change, e.g., 4747-1-12 – Supervision of Trainee Permits. CSI indicated the proposed change would have an adverse economic impact on the regulated businesses. Mr. Thornton stated that CSI also received feedback from interested parties expressing concern about the rule's proposed language. The Board accepted Mr. Thornton's recommendation to withdraw the proposed rule change from consideration. Mr. Starner indicated that the Rules Committee will meet virtually on April 4, 2022 from 2:00-3:00 p.m. Mr. Thornton noted that he would distribute the agenda and any meeting materials to committee members and post the meeting agenda with the link on the Board's website approximately one week before the meeting.
